BEE Pictogram Show — Prop Catalog

Saturday Oct 24 · 3 actors + 1 prop runner · Grid squares = 10 cm · Red = dimensions

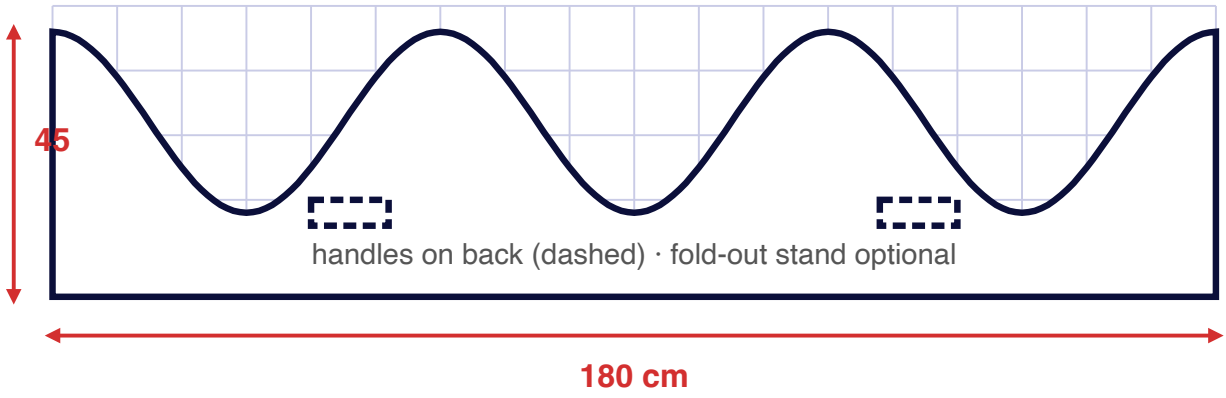

Finish: every prop is a flat silhouette painted **solid matte white** both sides — exactly like the pictograms (white on blue), and it pops against the actors' dark clothes on camera. No outlines, no detail, no other colours.
Materials: 4–5 large cardboard boxes · white matte spray paint ×3 cans (or white acrylic + roller) · box cutter + cutting mat · hot-glue gun · packing tape · 1 wooden dowel 60 cm · 1 white sheet (~150×200).

Scene	Props
3 Bethesda	Wave strip, sheet (rolled)
4 Feeding 5,000	3 fish, fish fan
5 Walking on water	Wave strip
7 Lazarus	Sheet
9 Light of the world	Light rays (optional)
16 Feed my sheep	Wave strip
All others	None (mimed — incl. the water jar in scene 1)

1 Wave strip ×1

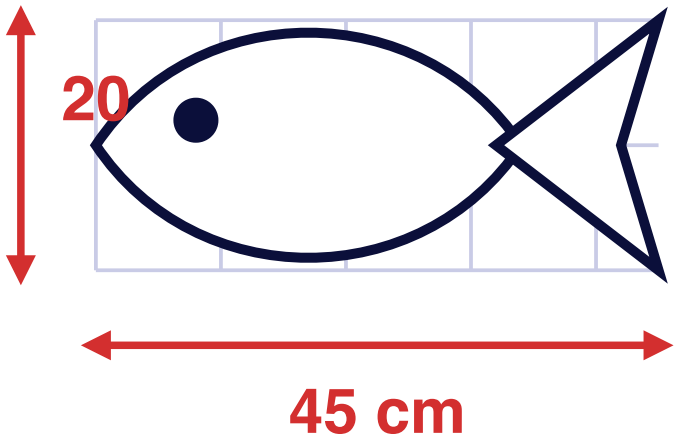

Scenes: 3 · 5 · 16 (Bethesda, Walking on water, Feed my sheep)

Double-layer corrugated cardboard (2 boxes taped flat, seams on back). Prop runner holds it at shin height across the front of the stage; actors 'stand in/on' it.

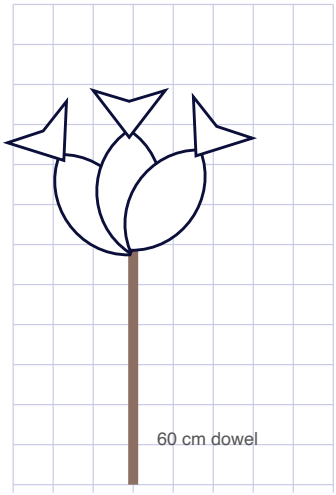

2 Fish ×3

Scenes: 4 (Feeding the 5,000) — Jesus holds 2, boy holds 1
Single-layer cardboard, cut 3 at once from one stacked template. Eye = punched hole.

3 Fish fan (juggling fish) ×1

Scenes: 4 — the off-balance disciple 'juggling'
3 more fish hot-glued to a 60 cm wooden dowel at -35° / 0° / +35°. Waved overhead it reads as juggling without actually juggling.

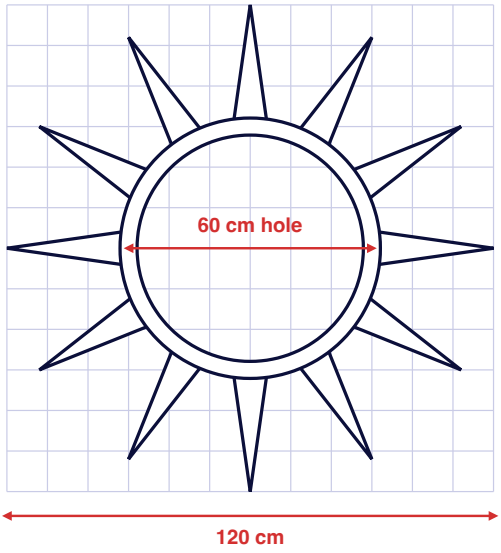

4 White sheet ×1 (buy)

Scenes: 3 (rolled mat) · 7 (Lazarus wrap)
Plain white single bedsheet / fabric ~150×200 cm (다이소 or 이불커버). Pre-roll for scene 3; for scene 7 runner drapes it over Lazarus — no tying, just hold the edges.

5 Light rays — OPTIONAL ×1

Scenes: 9 (I am the Light of the World)

Ring of 12 rays, 120 cm across, 60 cm hole. Runner holds it up behind Jesus so his body sits in the hole. Skip if short on time — the pose works mimed.

Runner cue sheet

Stage-left table, in order: wave strip → sheet (rolled) · fish ×3 + fan · (wave strip back) · sheet · rays · wave strip. Runner holds the wave strip themselves rather than setting it down — fewer things to fall over.
